## Students

Whether in Adventist Christian kindergartens or colleges, students gather to inspire each other and to learn. Students become productive adults, leading lives of service as governors, members of congress, senators, physicians, nurses, attorneys, university presidents, teachers, park rangers, TV personalities, and professional musicians.

*"Our school is the best! We wouldn't want to go to school anywhere else!"*

## Campus

Our campuses are safe environments to study and explore. Places to pray and play. Communities coming together in learning and service. Your child will grow strong amidst the good influences of other students and staff committed to Christ.

*"Christian education is the best choice you'll ever make!"*

## Staff

Adventist Christian teachers earn teaching awards every year, but to them the most important thing is what their students learn—about the world, about God, and about each other. Working together with parents, teachers strive to create an atmosphere where students can be guided to find God's purpose for their lives.

## Spiritual Focus

Praying, studying the Bible, creating a class project on social justice, or going on a mission trip are activities students and teachers do together. All activities are designed to enhance each student's personal spiritual journey.

*"We place a high value on Christian education. Not only for ourselves years ago, but today for our grandchildren. It's really become a family tradition."*

## Curriculum

A Christian perspective makes all the difference in how our science, history, language, and health classes are taught. We aim to educate the whole person—mind, body, and soul. Wise Christian teachers use the latest technology—the Internet, CD-ROMs, CADD programs—to help students learn how to live as Christians in a noisy world.

**BEST  
CHOICE  
EVER**

**SEVENTH-DAY ADVENTIST CHRISTIAN EDUCATION**

“Choosing Christian Education is a decision that will benefit our family for eternity. It’s the best choice, and investment, we ever made.”
